PETITION TO REVIVE UNINTENTIONALLY ABANDONED  
APPLICATION UNDER 37 CFR 1.137(b)

Sir:

Applicants petition the U.S. Patent and Trademark Office under 37 CFR 1.137(b) to revive the present application.

An office action was mailed September 5, 2007 in the current case. The Applicant was interested in responding to the office action. A response was prepared but inadvertently was not filed.

Only recently, when reviewing their patent cases, did the Applicants realize that he failed to respond to the official action. As a result, they do not have an application for the material filed. They confirmed that they had intended to respond to the office action and immediately instructed the undersigned to determine whether anything could be done to revive the US patent application. The undersigned informed the Applicant that the instant Petition to Revive was applicable to the fact situation of the instant application. The Response and this Petition were immediately prepared, and are filed herewith.

We hereby state that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional.

It is apparent that the failure to file a response to the USPTO official action was clearly inadvertent, and that the entire delay in filing from abandonment to the instant filing attached herewith was unintentional. The grant of this petition is respectfully requested.

Authorization to charge my Deposit Account **\$750** for this petition and any other charges is hereby granted. A duplicate copy of this sheet is enclosed.

Respectfully submitted,

---
